I am opposed to the proposed changes to the Universal Service Fund. I urge the FCC to carefully consider the impact of these changes on consumers before changing the current system. Charging \$1 or more per month regardless of how much or how little we use our phone is not fair. This will greatly increase the cost of phone service and it could impact the ability for myself and others to afford landline and/or wireless service.

Charging \$1.00 a month is entirely fair. To raise a fuss about such a small amount of money is a complete waste of everyone's time.
